## **VIETNAM VETERANS OF DIABLO VALLEY SPEAKERS BUREAU**

for providing an invaluable service to our children by imparting knowledge, words of wisdom, and an unforgettable first-person account of what it was like to serve our country during the Vietnam War.

Seeing history through the eyes of a person who lived it is the best kind of 'textbook' we have.

I am most grateful that you have chosen to offer your unique perspective on the past to those who will go forward and shape our future.

  
State Superintendent of Public Instruction
