Pastries too!

In my July Message I inadvertently forgot to finish the first paragraph regarding the first Thursday of the month meeting falling on July 4th necessitating changing our meeting to July 11th this year. Fortunately, the turnout on the 11th was good. By the way, the next time July 4th falls on the first Thursday of the month will be 2024.

Crow Canyon did a great job in having our space all ready for our meeting even with decorations of red, white and blue. Thank you, Crow Canyon Country Club! The Bar opened promptly and I heard comments that the prices were more reasonable than recently experienced. I hope you all noticed that Lorenzo is back at the Country Club and providing us with great service.

Speaker **Patrick Leary** gave a very interesting presentation of his experiences with helicopters in the Central Highlands plus his continuing activities with the Vin Son Montagnard orphanage in Kontum. He was presented with a donation of \$250.00 for the orphanage. Thank you, Pat for telling us your Vietnam story and dedicated service to the children.

President's Message (Continued on Page Two)

## AUGUST SPEAKER

### BILL GREEN

will discuss statistical  
data on those who  
served in Vietnam and  
his experiences with  
**198th Light Infantry Brigade  
Americal Division.**

A few days ago (July 12th) I read an interesting article about the Congressional Medal of Honor and its history which stated the following. "President Abraham Lincoln signs into law a measure calling for the awarding of a U.S. Army Medal of Honor, in the name of Congress, 'to such noncommissioned officers and privates as shall most distinguish themselves by their gallantry in action, and other soldier-like qualities during the present insurrection.' The previous December, Lincoln had approved a provision creating a U.S. Navy Medal of Valor, which was the basis of the Army Medal of Honor created by Congress in July 1862. The first U.S. Army soldiers to receive what would become the nation's highest military honor were six members of a Union raiding party who in 1862 penetrated deep into Confederate territory to destroy bridges and railroad tracks between Chattanooga, Tennessee, and Atlanta, Georgia.

In 1863, the Medal of Honor was made a permanent military decoration available to all members, including commissioned officers, of the U.S. military. It is conferred upon those who have distinguished themselves in actual combat at risk of life beyond the call of duty."

After discovering the background to the MOH, I wanted to learn about the history of the other medals. For the President's Message this month I've chosen the National Defense Service Medal (NDSM).

We all received it after Boot Camp or OCS. As a recruit, my Drill Instructors irreverently referred to as the "fire watch" ribbon (The National Defense Service Medal). I didn't come to know what the Medal was for until sometime later. The NDSM was first intended to be a "blanket campaign medal" awarded to service members who served honorably during a designated time period of which a "national emergency" had been declared during a time of war or conflict. It may also be issued to active military members for any other period that the Secretary of Defense designates.

The NDSM was established by Executive Order 10448, issued by President Dwight Eisenhower on April 22, 1953. While no document is known which explains the rationale for the award, it was apparently established to recognize all service members who served during the Korean War to include those who did not serve in the war zone. (Service members who served in the war zone received the Korean Service Medal, established by President Harry Truman in 1950.)

Eligibility for the NDSM was expanded by executive orders issued in 1966, 1991 and 2003.

To date, the NDSM has been awarded for four specific time periods, which roughly correspond to the Korean, Vietnam and Gulf War eras as well as the Global War on Terrorism.

Currently, the National Defense Service Medal is the oldest service medal (as opposed to decorations for particular achievements such as valor or meritorious service and Good Conduct Medals) currently awarded by all branches of the United States Armed Forces.

Well, there you have it. I hope you have a greater appreciation of your NDSM. I know I that I do. Oh, by the way, I did not have to stand any Fire Watches.

**Liz and Skip George** hosted a reception for Sentinels of Freedom graduate **Joey Bozik**. Joey returned from Iraq with injuries that presented a tremendous challenge for him and his family. In 2006 Sentinels of Freedom prepared a program to support his recovery. **Mike Conklin and Ron Lowe** coordinated support services that met Joey's objectives. This resulted in a huge WIN—WIN FOR Joey and the Sentinels of Freedom.

Joey resides in Frisco, Texas and continues to use his experience and wisdom to support veterans.

July Speaker Pat Leary spoke briefly about the Vihn Son Orphanage supported by the Friends of VSO. Below is the VSO Newsletter for April 2019. Please take a moment to read about the work that is being done and the results that have been achieved. The efforts of the Friends of VSO truly qualify as "GIVING BACK"

**Lunch Time for the Boys**

"Losing your parent at a tender age is like losing everything. The love, care, support and what have you. It only takes determination, strong will and the love, care and support from others to make a difference in the lives of those ones as they grow to face their future. You and I can impact their lives...Just a little love, a little care, a little support can make a huge difference in a child's life. Support an orphan today!"

-- Ozolu Sanni

"I don't really know them, but I know this: they're just like your kids were. Or are. Sweet, trusting, good in ways we adults hardly even remember. We have to look out for them. Not because of the tattoos, or in spite of them, but because they're kids and we're supposed to look out for kids."

-- Sabrina Vourvoulas

**Projects that will make a huge difference in their lives**

**Two new toilets for VS-5**  
**\$1,000**

The toilets are needed for health and sanitation reasons, crowding and too few toilets currently for the population. They will be installed in the main house where Sr Marie Kham is in charge. This was a high priority project.

"Once again, thank you for all you do for us."

**Expanded classroom at VS-3**  
**\$13,000**

Sister Gabriel does an incredible job at VS-3. An improved classroom facility will long stand as a tribute to her wonderful work. An improved physical resource will surely empower the children and result in learning outcomes that will open the door to a better future for the children.

With Dave's on-site assessment in hand, FVSO was positioned to address a number of important projects across the Vinh Son world. As a result of your support, we've highlighted some of these major achievements.

**Drilling for new water source at VS-4 (project completed as viewed below)**  
**\$2,275**

**Relocate the piggery at VS-5**  
**\$2,200**

The current piggery is entirely too close to the main housing facility. As such, it represents a serious health hazard and it makes sense to relocate it as a means to reduce potential health problems. This project was noted as a relatively high priority item by Dave and his team during their visit.

**Purchase land title for VS-2**  
**\$7,000**

Because of complications and complexities of land ownership and transfer, the VS-2 orphanage was in jeopardy of losing their land. "Our land is cultivated land so we have to pay all the taxes and fees when changing hands. With your help, our lands will not be at risk and we will not be worried about losing our land. I thank all the Board very much." Sister Basile Y Ngat

FVSO has been contacted to assist Heartbeat Vietnam, a subsidiary of the VinaCapital Foundation ([vinacapitalfoundation.org](http://vinacapitalfoundation.org)).

Heartbeat Vietnam funds life-saving heart operations for the most financially disadvantaged children in Vietnam.

It is proposed that FVSO contribute \$1,200 to fund a team of four MDs and support staff who will screen the children of Vinh Son and Sao Mai for heart defects. It is estimated 1 in 100 children have some sort of treatable heart issues, many caused by agent orange exposure. Once identified, Heartbeat Vietnam will pay for the cost of treatment.

A recent study of heart surgeries in Vietnam estimates that there are thousands of children waiting at any given time to receive this surgery. Many of these children are never diagnosed. Many will die waiting for help. The FVSO Board has approved this project, and will report back (currently delayed, waiting for governmental approval)

**TWENTY-SIX YEARS OF SERVICE**

Mrs. Y Blan, a seventy-one year old Bahnar caregiver, lives in Plei Tonga village of Kontum City. She has a happy family, but no children. She works at Vinh Son-1 all day, seven days a week, from 8 am to 5 pm and once a week, she stays overnight to take care of the babies.

Her daily duties include: bathing, washing clothes and feeding the kids. She works very hard and loves the babies with all her heart and sacrifice. She is pleased to see the orphan babies grow up and be healthy every day. She is really the orphan baby's mother of Vinh Son. Despite not having children of her own, Y Blan takes great pride in watching the children take their first steps into the world.

Thanks to her sacrifice and her care, Y Blan has made the orphan baby's life happier, safer and more peaceful. For 26 years, Y Blan has given her life to "her children," and she is loved by everyone.

With Gratitude, Sister Martha

**Juris Jurjevics (1943 - 2017)**

Long time supporter and friend of FVSO, has passed away at age 75. A memorial service was held in Brooklyn on March 26, where his friends and family were invited to make donations in Juris's memory by supporting his favorite charity, Friends of Vinh Son. Thousands of dollars were gratefully received in his name.

Sister Martha of Vinh Son 1 had a personal friendship with Juris. Years ago, he had supported her while she was getting her education in the Philippines. "He was a good person with a good heart...we will remember him in our prayers."

We pray for Juris in our daily prayer (Sao Mai orphanage)

**Enlisting new benefactors**

We can help you connect with potential new supporters of the Vinh Son and Sao Mai orphanages.

- Board Members are available to speak at military reunions or to local civilian groups.
- Distribute copies of the monthly FVSO newsletter to your friends and interested groups. Forward the on-line versions and website information via e-mail.
- A Power Point presentation, detailing the FVSO story, is available for your use.
- Tell your personal story. Why are you a member of this team? What would you tell a potential supporter about FVSO? Your history might prompt others to reach out to the children of FVSO.

**Legacy Fund Update**

The goals are:  
**\$1.0m by Dec 2020**  
**\$2.0m by Dec 2025**

**Total Contributions**  
**\$592,490**

**Words of Wisdom**

"It seemed like an unachievable goal for one person to bring sunshine to one hundred little faces when what they need is a mother's piece."

Our nation's military is comprised of men and women who choose to serve, often in the face of danger, to protect our freedoms as well as establish freedoms for those who are oppressed in other parts of the world. Some pay the ultimate price and become true American Heroes.

Joey is one of the brave 765 men and women from California who have been killed in the line of duty while in Iraq or Afghanistan.

He was a son, grandson, husband, friend and a selfless, caring man that led by example. He is admired and missed by many.

U.S. Army SPC Joseph A. Graves was one of those men.

**SOME GAVE ALL**

SOME GAVE ALL - THE JOEY GRAVES FOUNDATION mission is to assist Gold Star Families with their grieving process, adjust to their "new normal" and to honor and remember their Fallen Heroes. They also support the families of active duty military during and after deployments.

### E-blast

#### PsychArmor Institute Launches Online Courses on Suicide Prevention, Intervention, and Postvention

Watch the first of 15 upcoming online courses "Barriers to Treatment" and "Postvention: Healing After Suicide" on Veteran suicide, including risk factors, warning signs and healing. Dr. Shauna Springer from the Tragedy Assistance Program for Survivors discusses barriers to Veterans' mental health treatment as well as actions following a suicide that can help promote healing. The courses are part of PsychArmor Institute's new portfolio on "Suicide Prevention, Intervention, and Postvention" sponsored by The NFL Foundation. To watch full courses, [Register here](#).

Dr. Shauna Springer  
Tragedy Assistance Program for Survivors

Dr. Springer serves as the Senior Director at TAPS and has helped hundreds of service members reconnect with their families, values, and lives.

The NFL Foundation funded a series of Suicide Prevention courses that will be produced by PsychArmor for broad dissemination. I was the author and SME for the first two courses, both of which just went live. Both courses are extremely relevant to our shared suicide prevention mission and to the goal of advancing veteran-centered care (especially the "Barriers to Care" course). I wanted to send the link so that you can re-view and share them out (they were specifically funded for dissemination without limit). I particularly want to get these into the hands of key people in the veteran support space (like you) who can share them out as widely as possible in the service of our common goal. PsychArmor created a social media kit which is attached here to this email if you can help.

The "Barriers to Care" course was scoped out very specifically to help providers engage *veteran patients* in care - and some of what I say is not applicable to Active Duty contexts. The point that needs to be made is that AD Psychologists and clinicians have a different role to balance with the mission of troop readiness (which is appropriate for the AD context) and this shapes Service members' perceptions of what mental health care is about. I have nothing but respect for providers who serve in roles in the military - especially the kind of "Docs" who build the level of trust with warfighters that is essential to keeping them in the fight at times.

## LEGISLATIVE INFORMATION

### SB-562 Property taxation: exemption: principal residence: veterans and their unmarried surviving spouses.(2019-2020)

**Veterans, WE NEED YOUR HELP, Please call Assemblywoman Autumn Burke at her Assembly Appropriation Committee office (highlighted below) and use the script to let the committee know you support this bill to support our California disabled veterans.**

#### SB 562: Disabled Veterans Property Tax Exemptions

##### BILL SUMMARY

SB 562 would increase property tax exemptions for disabled veterans, in order to keep up with the rising cost of housing in California.

##### BACKGROUND

California has granted property tax exemptions to disabled veterans since the 1980s, however, the value of exemptions has only risen by \$34,706 dollars in nearly four decades. The increasing exemptions are failing to meet the needs of disabled veterans who are now paying significantly more for houses and taxes than the veterans of the 1980s. This bill contains two different exemptions, to address the majority of veterans as well as low-income veterans.

The Basic exemption would be increased from \$134,706 to \$200,000 and the Low Income exemption would increase from \$202,060 to \$250,000. Both rates would keep up with inflation moving forward. These exemptions are only available to veterans with a 100% disability rating, blind veterans, and veterans missing two or more limbs.

##### PROBLEM

Housing prices in California are continuing to rise, and property taxes rise with them. Many of California's disabled veterans are living off of small pensions and are losing the ability to keep up with a mortgage payment and the associated property taxes.

This problem is having a greater impact on the more recently separated veterans, from the post-9/11 era who are looking to return to California after their service and purchase a home. However, this does not mean that the Vietnam era veterans are not struggling to keeping up with the cost of housing.

The permanently and severely disabled veterans who would benefit from this bill are completely unable to work after their time in service. Their incomes rely solely on the small pensions they receive from the Department of Veterans Affairs. These pensions do not keep up with the rising cost of living, especially in California. California needs to ensure that disabled veterans do not have to worry about losing their home because they cannot keep up with their property taxes.

##### SOLUTION

SB 562 would ensure that disabled veterans will be able to maintain the cost of housing in California by increasing the amount of property tax exemptions granted to disabled veterans.
