## PRESIDENT'S MESSAGE

### President's Message for April 2020 Newsletter

"Shelter in Place." Where have I heard this before? The 1950's? Does it require the instinctive response of the call "incoming"? It seems to me there is too much panicky response to a situation which should be met with a more disciplined and rational reaction. Corvid -19 is a real and definite event to be concerned about and proper action is required to be taken. Thank goodness that for the most part cooler heads seem to be in control of the situation.

The Crow Canyon Country Club has closed and all functions scheduled are canceled until the Coronavirus situation is past us and the State has lifted the Shelter in Place order. Prior to this, your Board canceled our Board meeting and our Thursday night dinner meeting scheduled for April 2<sup>nd</sup>. Support the Walk of Honor through a "donation" to this outstanding event. Thank you.

President

The Town of Danville shuttered all public functions in Town Buildings including the Veterans Memorial Building until the Corvid -19 virus is past and it is safe again to gather. Rational heads also prevailed in all the VSOs in Town. **All meeting and events by the VNVDV, Marine Corps League, American Legion, VFW, Blue Star Moms and others have been canceled or suspended until further notice.** A very prudent thing to do in light of groups most threatened by the virus.

There is always a bright side to every challenge. This Shelter in Place gives us a chance to interact with one another in a way that may be more personal. A recent VFW article gives us the guidance on how we can be a lot more helpful to each other during this time.

“Social Isolation Does Not Have to Lead to Loneliness: The VFW calls on the community to reach out to veterans and their caregivers by using technology to ensure no one is alone during the pandemic. Being there can be as simple as making a phone call, text message, or for the more tech-savvy individuals, video chat.”

We should be checking on each other, especially those that may be by themselves. A simple phone call asking about the state of their supplies, or a recommendation for a good book, TV show or movie. Remember to follow-up in a day or two to keep that connection going. We may not gather over an adult beverage at the Crow Canyon Country Club or the Veterans Memorial Building, but we sure can keep in touch.

Be well. We'll see each other at our next meeting when the all clear sounds.

## National Vietnam War Veterans Day

On March 28, 2017, President Donald J. Trump, signed into law [The Vietnam War Veterans Recognition Act of 2017](#), designating every **March 29** as *National Vietnam War Veterans Day*

National Vietnam War Veterans Day joins six other military-centric national observances codified in [Title 4 of the United States Code §6](#) (i.e., Armed Forces Day, Memorial Day, Independence Day, National Korean War Veterans Armistice Day, Navy Day, Veterans Day).

March 29 is a fitting choice for a day honoring Vietnam veterans. It was chosen to be observed in perpetuity as March 29, 1973 was the day United States Military Assistance Command, Vietnam was disestablished and also the day the last U.S. combat troops departed Vietnam. In addition, that same day Hanoi released the last of its acknowledged prisoners of war.

[The United States of America Vietnam War Commemoration](#) honors all U.S. veterans who served on active duty in the U.S. Armed Forces at any time from [November 1, 1955 to May 15, 1975, regardless of location](#).

**November 1, 1955** was selected to coincide with the official designation of Military Assistance Advisory Group-Vietnam (MAAG-V); **May 15, 1975** marks the end of the battle precipitated by the seizure of the SS Mayaguez.

The Department of Veterans Affairs estimates that today there are more than **6 million U.S. Vietnam veterans living in America and abroad**, along with **9 million families of those who served** during this time frame. We make no distinction between veterans who served in-country, in-theater, or who were stationed elsewhere during the Vietnam War period. All were called to serve and none could self-determine where they would serve.

**Additional Background:** U.S. involvement in Vietnam started slowly with an initial deployment of advisors in the early 1950s, grew incrementally through the early 1960s and expanded with the deployment of full combat units in July 1965. The last U.S. personnel were evacuated from Vietnam in April 1975.

This national commemoration was authorized by Congress, established under the Secretary of Defense, and launched by the President to thank and honor our Nation's Vietnam veterans and their families for their service and sacrifice.

# Veterans: Call before visiting your VA facility

Medical appointments possible at home via VA Video Connect

## VA APPOINTMENT PROCEDURE UPDATE

Got a fever, cold, cough or flu-like symptoms? Are you worried that you have a viral illness?

The last thing you want to do is get out of the house to see the doctor, exposing yourself (and others) to more potential bugs and viruses.

VA can make it easier and safer to get back to health with virtual care through My HealtheVet and the VA Video Connect app on your smartphone, tablet or computer.

What is virtual care? Virtual care means you can contact your VA provider (and health care team) through [secure messaging](#) or receive treatment by telephone or video. Last year, Veterans had over 20 million virtual engagements with VA.

Any Veteran who qualifies to receive VA care and lives in the U.S. is eligible to use virtual care.

---

### [Long Description](#)

*Staying home – easier for you, safer for the community.*

Virtual care is personalized and can connect you with your providers more effectively than ever. Ask your health care team if virtual care can help meet some of your health care needs. Options include in-home health monitoring with tailored technologies, connection to specialists, or even remote scans and data.

Cold and flu care made easy

Virtual care is **safe and effective**. **Imagine the benefits to you and to your fellow Veterans if you don't have the hassle of going to the hospital or clinic with a cold, flu or other viral illness. You can stay at home and avoid battling for a parking spot and spending time in a waiting room. Most importantly, you won't put other Veterans at risk of a highly contagious illness. Staying home can be easier for you AND safer for the community by helping contain the spread of infectious diseases.**

You probably already know [My HealtheVet](#) is a great way to manage your care – with online Rx Refills, VA Appointments, and your labs and tests, radiology reports, and images.

With secure messaging and video appointments, reaching your providers while at home can be easy, too. While not for use in emergencies, a secure and private session begins with a simple request with a Secure Message for a video appointment. [Sign in](#) and request one next time you need to see your doctor or other providers.

Your health care team can also set up an in-person appointment, if needed. Call your VA health center if you have symptoms.

# Veterans can search free resources through **Code of Support's PATRIOTlink**

## Find vetted, direct, cost-free services

---

*Code of Support's PATRIOTlink*<sup>®</sup> platform is a free online resource database that includes thousands of programs tailored to the military and Veteran community.

Through **PATRIOTlink**, users can search vetted, direct, cost-free services specific to their needs. **PATRIOTlink** was recently redesigned to make it even easier to use. Now, users can complete searches by entering less information and they can view events and job opportunities in their area through a news feed feature.

### Working together, a partnership with VA

With over 40,000 Veteran Service Organizations offering resources, both VA and Code of Support recognize that collaboration is a key to ensuring military and Veteran families find the right help. This partnership between *Code of Support* formally started in December 2018 when VA's Veterans Experience Office signed a Memorandum of Understanding with *Code of Support*.

Through its ongoing collaboration with **VA**, Code of Support's **PATRIOTlink** database includes a list of VA resources along with program information for each resource. Listed resources include suicide prevention coordinators, Vet Centers, domiciliary units, and caregiver support services. Including these resources in **PATRIOTlink** makes it easier and more efficient for Veterans to access VA resources, which improves outcomes. The VA collaboration also ensures that awareness of available resources extends to more suicide prevention coordinators and caregivers across the nation.

[Long Description](#)

Together, VA and Code of Support hope to improve the access to and navigation of resources in local communities to best serve Veterans, families, caregivers and survivors. Code of Support provides case coordination, education and engagement, and a navigation platform that allows service providers to reduce the amount of time it takes to find resources to meet their client's needs. VA cannot do it alone, and partnerships like Code of Support help to augment and supplement VA services and benefits where needed.

VA is providing Code of Support the most up to date resource and contact information to access and navigate VA services and benefits that includes caregiver support services, suicide prevention and homeless coordinators, Vet Centers and domiciliary units. One of VA's goals is to ensure that access to services and benefits is easy, efficient, and creates positive experiences in receiving care and support where they live.

Veterans and their families should not have to struggle with finding resources and services, so VA encourages Veterans and their families to use the free services from partners like the Code of Support Foundation for easier access and navigation support.

### How do I join?

To get started, simply login at [www.patriotlink.org](http://www.patriotlink.org), enter a few keywords or select a service need, and filter the results by your specific eligibility criteria. You can then see a list of unique resources customized to your needs.
