DEC 2020

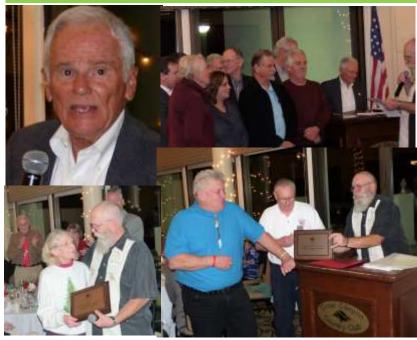

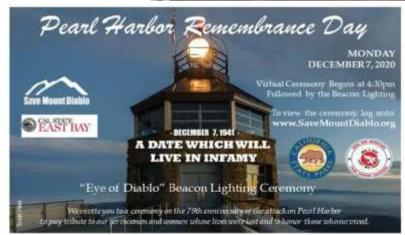

PRESIDENT'S MESSAGE

December letter, my second December, last and 24th letter of my tenure as your President. The past 24 months have seemed long short. I think COVID-19 had a lot to do with it. The first year was full of our well-established activities with successes due mainly to our membership and supporters. The second year (the COVID-19 year) was and is another story. As veterans we embraced the situation with the Warrior Ethos and did what was expected. We placed the mission first, didn't accept defeat, improvised and overcame. Thank you for your support.

VIRTUAL MEETING DECEMBER
3RD WILL BE THE RECOGNITION
MEETING TO HONOR THOSE WHO
SERVE OUR ORGANIZATION

President's Message (Continued from Page One)

The biggest challenge now is how do we have our annual Christmas Dinner Gala to recognize and honor the amazing efforts of those individuals and groups that contributed to the success of the Viet Nam Veterans of Diablo Valley the last couple of years. The Board is still in the midst of finalizing the details. It will be virtual with a few surprises. You will not want to miss it. Get up to speed using Zoom. Perhaps some can gather in small groups (exercising appropriate COVID-19 precautions) as some have during our regular meeting Zoom meetings this year.

We will recognize recipients of the Gary Villalba 2020 Dedicated Service Award, Veteran of the Year, Volunteer of the Year, as well as Special Recognitions. The VNVDV has already presented a Special Recognition to Mike "Hoff" Hoffschneider at the Contra Costa County Board of Supervisors Veterans Day to honor and thank him for his almost 40 years of service to veterans and his country on his retirement.

I think I have exceeded the newsletter's limits for this Message. So, in signing off, thanks for your support these last two years. Merry Christmas, Happy Holidays and here's to a safer and healthier 2021.

The National Park Service in partnership with Operation Live Well would like to thank military personnel and their families for their service and invite them to enjoy their national parks. Beginning on Veterans Day, November 11, 2020, Gold Star Families and U.S. military veterans receive free access to more than 2,000 federal recreation areas, including national parks, wildlife refuges and forests. The free access program is a way to thank America's veterans and Gold Star families for their support of our country and to encourage them to explore recreational opportunities on their public lands and wa-

Understanding Gaps in Home-based Services from Informal Caregivers

You may be eligible for this study if:

You are a relative or friend who cares for a veteran.

<u>This research study involves</u> filling out questionnaires and participating in a 1 hour telephone interview. We will ask about your experiences using home and community resources for veterans and their caregivers, and get feedback to improve VA resources.

You will be compensated up to \$50 for your time. Participant's rights questions, contact: 1-866-680-2906.

Good afternoon, Northern California Veterans. Below are several steps we've taken to ensure your access to VA health care is as smooth as possible during the COVID-19 pandemic.

VEText

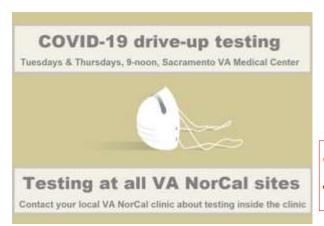

Beginning this Friday, June 26, VA NorCal will implement a new check-in procedure using VEText. This new feature allows Veterans with scheduled appointments to notify their care team when they arrive at the facility for further instruction (to use this feature, Veterans must have a text-capable cell phone number on file with us; contact your care team if you're unsure).

The process is simple!

Once you arrive on campus, text "HERE" to **53079** to alert your care team you're at the facility an waiting to be called to your appointment.

You will receive a text acknowledging your check-in status.

When your care team is ready for you, you will receive a text instructing you to proceed to your appointment.

The Sacramento VA Medical Center in Mather now offers drive-up, elective COVID-19 testing to Veterans registered as VA patients from 9 a.m. - noon each Tuesday and Thursday. Other VA NorCal sites also offer COVID-19 tests to Veterans inside their clinics, with plans to establish drive-up testing in the near future.

CONTACT JONATHANROBBINS@HOTMAIL.COM
TO RECEIVE ACTUAL E-MAIL FOR THE TESTING

Fast-Track Screening

To speed up the COVID-19 screening process for VA NorCal Veteran patients and staff, we have created a QR code to help you fast-track your way through our screening stations. Just scan the QR code with a smartphone before leaving home, answer several questions about possible COVID-19 symptoms, and show your phone's green screen to our screeners when you arrive. No more waiting as you answer same questions at each and every appointment - show the green screen, get your wristband, and move on with your VA day!

Appointment Arrival and Departure

To discourage foot traffic and reduce risk of COVID-19 exposure at our sites, VA NorCal is asking all patients to arrive no earlier than 30 min. prior to your appointment and to leave as soon as possible after your appointment is complete. We appreciate your cooperation.

Veterans: Call before visiting your VA facility

Medical appointments possible at home via VA Video Connect VA APPOINTMENT PROCEDURE UPDATE

Got a fever, cold, cough or flu-like symptoms? Are you worried that you have a viral illness? The last thing you want to do is get out of the house to see the doctor, exposing yourself (and others) to more potential bugs and viruses.

VA can make it easier and safer to get back to health with virtual care through My HealtheVet and the VA Video Connect app on your smartphone, tablet or computer.

What is virtual care? Virtual care means you can contact your VA provider (and health care team) through secure messaging or receive treatment by telephone or video. Last year, Veterans had over 20 million virtual engagements with VA.

Any Veteran who qualifies to receive VA care and lives in the U.S. is eligible to use virtual care.

Long Description

Staying home - easier for you, safer for the community.

Virtual care is personalized and can connect you with your providers more effectively than ever. Ask your health care team if virtual care can help meet some of your health care needs. Options include in-home health monitoring with tailored technologies, connection to specialists, or even remote scans and data.

Cold and flu care made easy

Virtual care is safe and effective. Imagine the benefits to you and to your fellow Veterans if you don't have the hassle of going to the hospital or clinic with a with a cold, flu or other viral illness. You can stay at home and avoid battling for a parking spot and spending time in a waiting room. Most importantly, you won't put other Veterans at risk of a highly contagious illness. Staying home can be easier for you AND safer for the community by helping contain the spread of infectious diseases.

You probably already know My HealtheVet is a great way to manage your care – with online Rx Refills, VA Appointments, and your labs and tests, radiology reports, and images.

With secure messaging and video appointments, reaching your providers while at home can be easy, too. While not for use in emergencies, a secure and private session begins with a simple request with a Secure Message for a video appointment. Sign in and request one next time you need to see your doctor or other providers.

Your health care team can also set up an in-person appointment, if needed. Call your VA health center if you have symptoms.

VA Telehealth Services

Veterans can search free resources through *Code* of *Support's* **PATRIOTlink**

Find vetted, direct, c

ost-free services

Code of Support's PATRIOTlink® platform is a free online resource database that includes thousands of programs tailored to the military and Veteran community.

Through **PATRIOTlink**, users can search vetted, direct, cost-free services specific to their needs. **PATRIOTlink** was recently redesigned to make it even easier to use. Now, users can complete searches by entering less information and they can view events and job opportunities in their area through a news feed feature.

Working together, a partnership with VA

With over 40,000 Veteran Service Organizations offering resources, both VA and Code of Support recognize that collaboration is a key to ensuring military and Veteran families find the right help. This partnership between *Code of Support* formally started in December 2018 when VA's Veterans Experience Office signed a Memorandum of Understanding with *Code of Support*.

Through its ongoing collaboration with **VA**, Code of Support's **PATRIOTlink** database includes a list of VA resources along with program information for each resource. Listed resources include suicide prevention coordinators, Vet Centers, domiciliary units, and caregiver support services. Including these resources in **PATRIOTlink** makes it easier and more efficient for Veterans to access VA resources, which improves outcomes. The VA collaboration also ensures that awareness of available resources extends to more suicide prevention coordinators and caregivers across the nation.

Long Description

Together, VA and Code of Support hope to improve the access to and navigation of resources in local communities to best serve Veterans, families, caregivers and survivors. Code of Support provides case coordination, education and engagement, and a navigation platform that allows service providers to reduce the amount of time it takes to find resources to meet their client's needs. VA cannot do it alone, and partnerships like Code of Support help to augment and supplement VA services and benefits where needed.

VA is providing Code of Support the most up to date resource and contact information to access and navigate VA services and benefits that includes caregiver support services, suicide prevention and homeless coordinators, Vet Centers and domiciliary units. One of VA's goals is to ensure that access to services and benefits is easy, efficient, and creates positive experiences in receiving care and support where they live.

Veterans and their families should not have to struggle with finding resources and services, so VA encourages Veterans and their families to use the free services from partners like the Code of Support Foundation for easier access and navigation support.

How do I join?

To get started, simply login at **www.patriotlink.org**, enter a few keywords or select a service need, and filter the results by your specific eligibility criteria. You can then see a list of unique resources customized to your needs.
