As I mentioned last month, 2021 is the 30th year since the founding of the Viet Nam Veterans of Diablo Valley. It is also marked with the passing of our founding President NORM MAHALICH. Norm became a victim of the COVID-19 Virus on January 15, 2021. Please see enclosed tribute and history of our co-founder.

As soon as we can get together again, we will celebrate the life of Norm and the birthday of the organization he helped form.

Speaking of the Virus, I hope you are all managing to get your vaccinations. It has been very frustrating to be sure. Seems that luck plays a bigger part than it should. Hang in there though and keep trying.

President's Message (Continued on Page Two)

VIRTUAL MEETING JANUARY 7TH

**February Virtual Speaker
Dr. Cynthia Dodge Ph.D.,
Director Concord Vets
Center**

Dr. Dodge will provide the latest information on operations and programs since her recent appointment as Director of the Vet Center

I hope all of you were able to order take-out from Gianni's for Monday February 1st. **There is still time** to do that until the end of Sunday.

On Wednesday several of us celebrated the 97th birthday of Chuck Kohler, Pearl Harbor Survivor. The party was a "drive by" only, but he looked like he was having fun and appreciated all the fuss. Even 101 year old Pearl Harbor Survivor, Micky Ganitch. Both of them have great stories to tell and were our speakers some years ago.

Well, I promised I would keep it short from now on. So stay safe, healthy and join us on our February 4th zoom meeting.

Ps Don't forget Valentine's Day. You can thank me later.

Viet Nam Veterans of Diablo Valley turns the tables on Gianni's ITALIAN BISTRO

San Ramon restaurant, Gianni's Italian Bistro, has been on the forefront in giving to local non-profits with their "Tips for Change" Monday night events for six years. Since 2014, Gianni's has raised \$618,000 for a multitude of worthy causes in the Valley. Even in this pandemic year of "take-out", where restaurants are struggling to stay afloat, they have still managed to raise \$66,000.

The Viet Nam Veterans of Diablo Valley (VNV DV) have been on the receiving end of this fundraising event, plus years of Gianni's himself supplying his pasta and sauce for their crab-feeds as well as endless gift certificates donated to their fundraisers. The Veterans Organization decided that it is time to reciprocate.

On February 1st, 2021 the Viet Nam Veterans of Diablo Valley are scheduled to be the Tips for Change recipients. Instead, they ask that you order take-out from Gianni's Italian Bistro that night and leave a tip to say "thanks" to Gianni's. It is well deserved. **Please make us aware by phone by Thursday January 28th for pick-up February 1st.** VNV DV board members will be there to bring out your orders and say thanks.

Thank You for Your Support!

REMEMBERING NORM MAHALICH VNVDV FOUNDING MEMBER

(MAY 6, 1942 - JAN 15, 2021)

Norm Mahalick (notes from Dennis Marguet): Norm was one of the original founding members and President for the first four years. Without Norm there literally would never had been a VNVDV. Norm was instrumental and played a major role in much of what now makes up the VNVDV, leading the 4th of July parade and passing out flags, Memorial Day at Oak Hill Park, originally assuming the task of building the All Wars Memorial, great speakers at each meeting, everyone standing and introducing themselves at the beginning of each meeting, countless number of new members joining and constructive working relationship with the Town of Danville. **Norm's Vietnam experience "Courage in the Elephant Valley" is included in the Jerry Whiting book IT DON'T MEANING NOTHIN' MAN WE'RE BACK IN THE WORLD NOW" which tells the stories of 20 VNVDV members in Vietnam.** Norm flew Helos in Vietnam, flew for TWA and was a successful residential realtor in Danville before retiring to the Sierra foothills. Norm leaves behind his wife Lily and son, Chad. Due to Covid he will be interred in a private service at the Sacramento National Cemetery.

THE FEBRUARY 2021 NEWSLETTER OFFERS A NEW FEATURE: THE FIRST MOVIE REVIEW

Movie Review by: **FORWARD OBSERVER**

This is an occasional movie review when a film comes out that might have appeal to the members of VNVDV. The recent release of **"LAST FULL MEASURE"** is a movie that clearly meets this criteria.

It tells the story of an Air Force Medic who comes to the aid of Charlie Company of the Army's 1st Infantry Division (Big Red One) that is surrounded by a superior enemy force. This true story takes place in Vietnam in April 1966 during "Operation Abilene". (Check Wikipedia for more details on this operation).

Charlie Company was supposed to be the bait that would lure a crack Viet Cong Battalion into a trap as two other Infantry companies would rush to Charlie Company's aid. Thick jungle prevented the other companies from arriving in time and Charlie suffered very high casualties. An Air Force rescue chopper came to their aid and started pulling casualties out via a cable hoist. The medic on board, William Pitsenbarger, rides the hoist down to the ground and stays there to assist the wounded since the Army's medic has already been wounded.

The focus of the movie is the effort to recognize the medic's valor with a Medal of Honor. It is a well-told story with cameo appearances by movie luminaries including Ed Harris, Christopher Plummer, William Hurt, Samuel L. Jackson, Peter Fonda and Dale Dye. Bottom line: A great film.

Email Updates

Good afternoon, Northern California Veterans. Below are several steps we've taken to ensure your access to VA health care is as smooth as possible during the COVID-19 pandemic.

VEText

Beginning this Friday, June 26, VA NorCal will implement a new check-in procedure using VEText. This new feature allows Veterans with scheduled appointments to notify their care team when they arrive at the facility for further instruction (to use this feature, Veterans must have a text-capable cell phone number on file with us; contact your care team if you're unsure).

The process is simple!

Once you arrive on campus, text "HERE" to **53079** to alert your care team you're at the facility and waiting to be called to your appointment.

You will receive a text acknowledging your check-in status.

When your care team is ready for you, you will receive a text instructing you to proceed to your appointment.

The Sacramento VA Medical Center in Mather now offers drive-up, elective COVID-19 testing to Veterans registered as VA patients from 9 a.m. - noon each Tuesday and Thursday. Other VA NorCal sites also offer COVID-19 tests to Veterans inside their clinics, with plans to establish drive-up testing in the near future.

**CONTACT JONATHANROBBINS@HOTMAIL.COM
TO RECEIVE ACTUAL E-MAIL FOR THE TESTING**

Fast-Track Screening

To speed up the COVID-19 screening process for VA NorCal Veteran patients and staff, we have created a QR code to help you fast-track your way through our screening stations. Just scan the QR code with a smartphone before leaving home, answer several questions about possible COVID-19 symptoms, and show your phone's green screen to our screeners when you arrive. No more waiting as you answer same questions at each and every appointment - show the green screen, get your wristband, and move on with your VA day!

Appointment Arrival and Departure

To discourage foot traffic and reduce risk of COVID-19 exposure at our sites, VA NorCal is asking all patients to arrive no earlier than 30 min. prior to your appointment and to leave as soon as possible after your appointment is complete. We appreciate your cooperation.

Veterans: Call before visiting your VA facility

Medical appointments possible at home via VA Video Connect

VA APPOINTMENT PROCEDURE UPDATE

Got a fever, cold, cough or flu-like symptoms? Are you worried that you have a viral illness?

The last thing you want to do is get out of the house to see the doctor, exposing yourself (and others) to more potential bugs and viruses.

VA can make it easier and safer to get back to health with virtual care through My HealtheVet and the VA Video Connect app on your smartphone, tablet or computer.

What is virtual care? Virtual care means you can contact your VA provider (and health care team) through [secure messaging](#) or receive treatment by telephone or video. Last year, Veterans had over 20 million virtual engagements with VA.

Any Veteran who qualifies to receive VA care and lives in the U.S. is eligible to use virtual care.

[Long Description](#)

Staying home – easier for you, safer for the community.

Virtual care is personalized and can connect you with your providers more effectively than ever. Ask your health care team if virtual care can help meet some of your health care needs. Options include in-home health monitoring with tailored technologies, connection to specialists, or even remote scans and data.

Cold and flu care made easy

Virtual care is **safe and effective**. **Imagine the benefits to you and to your fellow Veterans if you don't have the hassle of going to the hospital or clinic with a cold, flu or other viral illness. You can stay at home and avoid battling for a parking spot and spending time in a waiting room. Most importantly, you won't put other Veterans at risk of a highly contagious illness. Staying home can be easier for you AND safer for the community by helping contain the spread of infectious diseases.**

You probably already know [My HealtheVet](#) is a great way to manage your care – with online Rx Refills, VA Appointments, and your labs and tests, radiology reports, and images.

With secure messaging and video appointments, reaching your providers while at home can be easy, too. While not for use in emergencies, a secure and private session begins with a simple request with a Secure Message for a video appointment. [Sign in](#) and request one next time you need to see your doctor or other providers.

Your health care team can also set up an in-person appointment, if needed. Call your VA health center if you have symptoms.

Veterans can search free resources through **Code of Support's PATRIOTlink**

Find vetted, direct, cost-free services

Code of Support's PATRIOTlink[®] platform is a free online resource database that includes thousands of programs tailored to the military and Veteran community.

Through **PATRIOTlink**, users can search vetted, direct, cost-free services specific to their needs. **PATRIOTlink** was recently redesigned to make it even easier to use. Now, users can complete searches by entering less information and they can view events and job opportunities in their area through a news feed feature.

Working together, a partnership with VA

With over 40,000 Veteran Service Organizations offering resources, both VA and Code of Support recognize that collaboration is a key to ensuring military and Veteran families find the right help. This partnership between *Code of Support* formally started in December 2018 when VA's Veterans Experience Office signed a Memorandum of Understanding with *Code of Support*.

Through its ongoing collaboration with **VA**, Code of Support's **PATRIOTlink** database includes a list of VA resources along with program information for each resource. Listed resources include suicide prevention coordinators, Vet Centers, domiciliary units, and caregiver support services. Including these resources in **PATRIOTlink** makes it easier and more efficient for Veterans to access VA resources, which improves outcomes. The VA collaboration also ensures that awareness of available resources extends to more suicide prevention coordinators and caregivers across the nation.

[Long Description](#)

Together, VA and Code of Support hope to improve the access to and navigation of resources in local communities to best serve Veterans, families, caregivers and survivors. Code of Support provides case coordination, education and engagement, and a navigation platform that allows service providers to reduce the amount of time it takes to find resources to meet their client's needs. VA cannot do it alone, and partnerships like Code of Support help to augment and supplement VA services and benefits where needed.

VA is providing Code of Support the most up to date resource and contact information to access and navigate VA services and benefits that includes caregiver support services, suicide prevention and homeless coordinators, Vet Centers and domiciliary units. One of VA's goals is to ensure that access to services and benefits is easy, efficient, and creates positive experiences in receiving care and support where they live.

Veterans and their families should not have to struggle with finding resources and services, so VA encourages Veterans and their families to use the free services from partners like the Code of Support Foundation for easier access and navigation support.

How do I join?

To get started, simply login at www.patriotlink.org, enter a few keywords or select a service need, and filter the results by your specific eligibility criteria. You can then see a list of unique resources customized to your needs.

To learn more, visit [Code of Support Foundation](#) or [PATRIOTlink](#). additional information, email patriotlinksupport@codeofsupport.org.
