Viet Nam Veterans of Diablo Valley VNVDV HAVE ARRANGED A VIRTUAL MEETING FOR THURSDAY MARCH 4TH ~ 6pm

Dennis Giacovel II
VNVDV
President

PRESIDENT'S MESSAGE

President's Message for March

It's March already and flowers are blooming. A time for re-birth. I believe we can see the light at the end of this year-long tunnel. If you have not already, please, please get your Covid 19 vaccinations.

The Crow Canyon Country Club sent us a contract for this year starting in June. I really hope that they know something I don't. I know many of you are looking forward to getting back together in person. When we do get permission to do that, it might be a bit different, as buffet lines that we were used to, are probably a thing of the past. We will be served, in one way or another, and unfortunately, that will cause the price to increase slightly. A small price to pay to see one another again in person.

President's Message (Continued on Page Two)

VIRTUAL MEETING FEBRUARY 4TH

MARCH VIRTUAL SPEAKER

RADM TOM ANDREWS, USN (Ret), Chair of the Commissioning Committee, will tell us about the USS Oakland, the Littoral Combat ship program, and the significance of the Commissioning Ceremony.

Phillips 66 has reached out to us and we had our first zoom meeting to plan a possible zoom Walk of Honor. Walkers can walk wherever and whenever they want, and hopefully get sponsors to pay them for each mile they walk. Then on May 15th (Armed Forces Day) we will have a zoom speaker and possibly raffle/auctions etc. Many thanks to Phillips 66 for supporting us for all these years, and in finding a way to do so, even during this pandemic year. Please stay tuned and support this event as this will be our only fundraiser for the year.

Stay safe, get vaccinated,
Dennis

Phillips 66 sponsors the **WALK OF HONOR** which is held on Armed Forces Day, the third Saturday in May. This Day honors all Service Branches and the those serving on active duty.

Participants in the **Walk of Honor** gather in Crockett at the Crockett Community Center and walk across the Alfred Zampa Memorial Bridge. The Walk is followed by lunch, guest speaker and auction. A portion of funds raised by **Phillips 66** is distributed to VNVDV to support Veterans' Activities and Assistance.

The **2020 Walk of Honor** was not held due to COVID-19. With the 2020 cancellation **Phillips 66** stepped forward and provided a generous grant to the VNVDV so that Veterans programs and Veteran support assistance was continued in these difficult times. **A big shoutout to Phillips 66 for their continued support of VNVDV.**

VIETNAM VETERANS of DIABLO VALLEY "Turns the Tables" on GIANNI'S VERY SUCCESSFUL WITH GREAT COMMUNITY SUPPORT

Viet Nam Veterans of Diablo Valley
turns the tables on

Gianni's
ITALIAN BISTRO

San Ramon restaurant, *Gianni's Italian Bistro*, has been on the forefront in giving to local non-profits with their "Tips for Change" Monday night events for six years. Since 2014, Gianni's has raised \$618,000 for a multitude of worthy causes in the Valley. Even in this pandemic year of "take-out", where restaurants are struggling to stay afloat, they have still managed to raise \$66,000.

The *Viet Nam Veterans of Diablo Valley* (VNVVDV) have been on the receiving end of this fundraising event, plus years of Gianni himself supplying his pasta and sauce for their crab feeds as well as endless gift certificates donated to their fundraisers. The Veterans Organization decided that it is time to reciprocate.

On February 1st 2021 the Viet Nam Veterans of Diablo Valley are scheduled to be the Tips for Change recipients. Instead, they ask that you order take out from Gianni's Italian Bistro that night and leave a tip to say "thanks" to Gianni's. It is well deserved. **Please order on-line or by phone by Thursday January 28th for pick-up February 1st.** VNVVDV board members will be there to bring out your orders and say thanks.

Thank You for Your Support!

ORDER TODAY!

ORDER TODAY!

Hi Dennis,
Great to see you tonight. You guys are so awesome. Thank you so much for your support and donation to us. Wow. It is so much appreciated. Here is the breakdown for the night. I think what happened is you counted all lines of the order sheets when some of them were doubled as I took two screen shots. I could not fit it all on one sheet so I had to take two. You will see some are the same. Still was a great turn out. Thanks so much...

Would love to have you guys get another date for "YOU" this year. We have some dates in the fall and winter available. Let me know if you are interested.

Thanks,
Melanie

*"Experience the Quality Difference... over 30 years
serving California and beyond with Excellence"*

We are privileged to welcome the Chairman of the Joint Chiefs of Staff, U.S. Army Gen. Mark A. Milley, as a Commemorative Ambassador. Thank you for honoring Vietnam veterans!

A Message from the Director ...

The fourth anniversary of **National Vietnam War Veterans Day, March 29**, is coming up soon! As it approaches, we are *utilizing* the ongoing *vaccine distribution* to *reach our Vietnam veterans* who are physically able to make it to the inoculation sites. As New York City rolled out the vaccine program at the Javits Center, we leveraged that effort to reach Vietnam veterans and *within days, more than 200 were thanked and honored*. On January 19, we had a teleconference with Adjutant Generals from all 50 States, 3 territories and the District of Columbia to share that success and *encourage them to do the same*.

This effort is picking up steam, but *we need you to* –

-- *Help us thank and honor our Vietnam veterans*, our Nation's blood and treasure from a generation ago, in the neighborhoods where they live.

– *Help us connect with our hard-to-reach veterans*—those in Service-associated retirement homes, nursing homes or assisted living facilities.

– *Help us with the healing that happens when a veteran*, who would just rather leave Vietnam in the rear-view mirror, *receives our Nation's thanks and gratitude*.

There is a scene from *Saving Private Ryan* where an aged Private Ryan (played by Harrison Young) turns to his wife and says: “Tell me I’ve led a good life.” “Tell me I’m a good man.” We believe that is what we do when we extend our Nation’s thanks to our Vietnam veterans. We tell these men and women they earned it. *They made a difference in our lives and in the lives of our children.*

Our hope is that COVID ends soon and our Commemorative Partners will again be able to host events, especially since the VA estimates that we are losing 557 Vietnam veterans each day. *We are deeply concerned about what the separation imposed by COVID means to our Vietnam veterans ... separation from families, the loneliness, the anxiety, and depression. We want them to know just how much we appreciate them and their service to our Nation. We want them to know that they have earned the Nation's gratitude!*

So, I encourage everyone to visit www.vietnamwar50th.com. There you will find great *examples of safe and successful events honoring Vietnam veterans during COVID*.

Please follow these examples and *reach out* to the Vietnam veterans in your neighborhood. *I promise, you will make a huge difference in their lives!*

Join the Nation ... thank a Vietnam veteran!

THE FEBRUARY 2021 NEWSLETTER OFFERS A NEW FEATURE: THE FIRST MOVIE REVIEW

Movie Review by: **FORWARD OBSERVER**

This is an occasional movie review when a film comes out that might have appeal to the members of VNVDV. The recent release of **"LAST FULL MEASURE"** is a movie that clearly meets this criteria.

It tells the story of an Air Force Medic who comes to the aid of Charlie Company of the Army's 1st Infantry Division (Big Red One) that is surrounded by a superior enemy force. This true story takes place in Vietnam in April 1966 during "Operation Abilene". (Check Wikipedia for more details on this operation).

Charlie Company was supposed to be the bait that would lure a crack Viet Cong Battalion into a trap as two other Infantry companies would rush to Charlie Company's aid. Thick jungle prevented the other companies from arriving in time and Charlie suffered very high casualties. An Air Force rescue chopper came to their aid and started pulling casualties out via a cable hoist. The medic on board, William Pitsenbarger, rides the hoist down to the ground and stays there to assist the wounded since the Army's medic has already been wounded.

The focus of the movie is the effort to recognize the medic's valor with a Medal of Honor. It is a well-told story with cameo appearances by movie luminaries including Ed Harris, Christopher Plummer, William Hurt, Samuel L. Jackson, Peter Fonda and Dale Dye. Bottom line: A great film.

Email Updates

Good afternoon, Northern California Veterans. Below are several steps we've taken to ensure your access to VA health care is as smooth as possible during the COVID-19 pandemic.

VEText

Beginning this Friday, June 26, VA NorCal will implement a new check-in procedure using VEText. This new feature allows Veterans with scheduled appointments to notify their care team when they arrive at the facility for further instruction (to use this feature, Veterans must have a text-capable cell phone number on file with us; contact your care team if you're unsure).

The process is simple!

Once you arrive on campus, text "HERE" to **53079** to alert your care team you're at the facility and waiting to be called to your appointment.

You will receive a text acknowledging your check-in status.

When your care team is ready for you, you will receive a text instructing you to proceed to your appointment.

The Sacramento VA Medical Center in Mather now offers drive-up, elective COVID-19 testing to Veterans registered as VA patients from 9 a.m. - noon each Tuesday and Thursday. Other VA NorCal sites also offer COVID-19 tests to Veterans inside their clinics, with plans to establish drive-up testing in the near future.

**CONTACT JONATHANROBBINS@HOTMAIL.COM
TO RECEIVE ACTUAL E-MAIL FOR THE TESTING**

Fast-Track Screening

To speed up the COVID-19 screening process for VA NorCal Veteran patients and staff, we have created a QR code to help you fast-track your way through our screening stations. Just scan the QR code with a smartphone before leaving home, answer several questions about possible COVID-19 symptoms, and show your phone's green screen to our screeners when you arrive. No more waiting as you answer same questions at each and every appointment - show the green screen, get your wristband, and move on with your VA day!

Appointment Arrival and Departure

To discourage foot traffic and reduce risk of COVID-19 exposure at our sites, VA NorCal is asking all patients to arrive no earlier than 30 min. prior to your appointment and to leave as soon as possible after your appointment is complete. We appreciate your cooperation.

Veterans: Call before visiting your VA facility

Medical appointments possible at home via VA Video Connect

VA APPOINTMENT PROCEDURE UPDATE

Got a fever, cold, cough or flu-like symptoms? Are you worried that you have a viral illness?

The last thing you want to do is get out of the house to see the doctor, exposing yourself (and others) to more potential bugs and viruses.

VA can make it easier and safer to get back to health with virtual care through My HealtheVet and the VA Video Connect app on your smartphone, tablet or computer.

What is virtual care? Virtual care means you can contact your VA provider (and health care team) through [secure messaging](#) or receive treatment by telephone or video. Last year, Veterans had over 20 million virtual engagements with VA.

Any Veteran who qualifies to receive VA care and lives in the U.S. is eligible to use virtual care.

[Long Description](#)

Staying home – easier for you, safer for the community.

Virtual care is personalized and can connect you with your providers more effectively than ever. Ask your health care team if virtual care can help meet some of your health care needs. Options include in-home health monitoring with tailored technologies, connection to specialists, or even remote scans and data.

Cold and flu care made easy

Virtual care is **safe and effective**. **Imagine the benefits to you and to your fellow Veterans if you don't have the hassle of going to the hospital or clinic with a cold, flu or other viral illness. You can stay at home and avoid battling for a parking spot and spending time in a waiting room. Most importantly, you won't put other Veterans at risk of a highly contagious illness. Staying home can be easier for you AND safer for the community by helping contain the spread of infectious diseases.**

You probably already know [My HealtheVet](#) is a great way to manage your care – with online Rx Refills, VA Appointments, and your labs and tests, radiology reports, and images.

With secure messaging and video appointments, reaching your providers while at home can be easy, too. While not for use in emergencies, a secure and private session begins with a simple request with a Secure Message for a video appointment. [Sign in](#) and request one next time you need to see your doctor or other providers.

Your health care team can also set up an in-person appointment, if needed. Call your VA health center if you have symptoms.

Veterans can search free resources through **Code of Support's PATRIOTlink**

Find vetted, direct, cost-free services

Code of Support's **PATRIOTlink**® platform is a free online resource database that includes thousands of programs tailored to the military and Veteran community.

Through **PATRIOTlink**, users can search vetted, direct, cost-free services specific to their needs. **PATRIOTlink** was recently redesigned to make it even easier to use. Now, users can complete searches by entering less information and they can view events and job opportunities in their area through a news feed feature.

Working together, a partnership with VA

With over 40,000 Veteran Service Organizations offering resources, both VA and Code of Support recognize that collaboration is a key to ensuring military and Veteran families find the right help. This partnership between *Code of Support* formally started in December 2018 when VA's Veterans Experience Office signed a Memorandum of Understanding with *Code of Support*.

Through its ongoing collaboration with **VA**, Code of Support's **PATRIOTlink** database includes a list of VA resources along with program information for each resource. Listed resources include suicide prevention coordinators, Vet Centers, domiciliary units, and caregiver support services. Including these resources in **PATRIOTlink** makes it easier and more efficient for Veterans to access VA resources, which improves outcomes. The VA collaboration also ensures that awareness of available resources extends to more suicide prevention coordinators and caregivers across the nation.

[Long Description](#)

Together, VA and Code of Support hope to improve the access to and navigation of resources in local communities to best serve Veterans, families, caregivers and survivors. Code of Support provides case coordination, education and engagement, and a navigation platform that allows service providers to reduce the amount of time it takes to find resources to meet their client's needs. VA cannot do it alone, and partnerships like Code of Support help to augment and supplement VA services and benefits where needed.

VA is providing Code of Support the most up to date resource and contact information to access and navigate VA services and benefits that includes caregiver support services, suicide prevention and homeless coordinators, Vet Centers and domiciliary units. One of VA's goals is to ensure that access to services and benefits is easy, efficient, and creates positive experiences in receiving care and support where they live.

Veterans and their families should not have to struggle with finding resources and services, so VA encourages Veterans and their families to use the free services from partners like the Code of Support Foundation for easier access and navigation support.

How do I join?

To get started, simply login at www.patriotlink.org, enter a few keywords or select a service need, and filter the results by your specific eligibility criteria. You can then see a list of unique resources customized to your needs.
